

Phoenix Surfacing's skilled team of experts have vast experience supporting companies with improvements to their property. We understand the requirements of logistic and haulage companies, making us the perfect partner of choice.

Phoenix Surfacing Ltd is a well established, road surfacing contractor whose core activities, include coated macadam and asphalt surfacing.

Services we provide:

Projects we can help you with include the resurfacing of existing car parks, yard areas, and access roads, plus the construction of new areas, including all civil and drainage work.

We take pride in our work and undertake regular sweeping of existing external areas by road suction sweepers, whilst emptying car park, yard, and road gullies.

All works carried out with minimum disturbance to you, your business, employees and visitors.

As an approved surfacing contractor for a number of local authorities, we are the logical choice when planning your next surfacing project.

Please see overleaf for a full list of our high quality services our experienced team can deliver for you.
